Our aim is to be New Zealand's leading charitable trust, nationally recognised and respected for helping New Zealanders achieve great things in the community.

We value integrity, compelling us to act honestly, ethically and transparently.

For 35 years we have been working with NZ communities to make a difference.

During this time we have granted over $950 million to support community projects across the country.

In the last financial year we distributed more than $38 million to community-based organisations.

We're here to make a difference.

Here for good

Graeme Dingle Foundation - National **$180,000**

CHAIRMAN'S REPORT

The Lion Foundation has continued its proud record of community fundraising over the past year, with $38,296,847 being distributed to support community projects throughout New Zealand. This represents our sixth consecutive year of increased community funding year on year.

Since 1985 The Lion Foundation has now distributed over $950 million to help people do good things – something we regard as an impressive achievement.

Every year as I pen this report, I continue to be in awe of the positive impact that community organisations have on their communities. Being able, in an efficient and effective way, to support these organisations in making a difference is our "why". It is always incredibly humbling and inspiring to read the list of grant recipients every year.

During the past year we said farewell to our Chief Executive Murray Reade. While the Board was very sad to see him go, he departed with our best wishes and gratitude for a job extremely well done. After a rigorous recruitment process, the Board was delighted to appoint Tony Goldfinch as his replacement. Tony has been with the organisation for several years, has a deep knowledge of the organisation, its customers, stakeholders & staff as well as the challenges we face. Tony's experience and attributes make him uniquely qualified to lead The Lion Foundation in its next stage of development in what will be an interesting but challenging period.

I also wish to acknowledge the other team members who continue to work tirelessly to maintain the organisation's respected position within the sector.

Last year I reported that we were planning to review and improve our practices and explore strategies so that we were well equipped to face future challenges. I am therefore pleased to report that by actively engaging with key industry stakeholders throughout the past year we have been able to continue our strong support of venue operators and community organisations.

The benefits of constantly reviewing our business practises was never more evident than in March 2020, when, as a nation we experienced a life changing pandemic.

Despite these unchartered times, The Lion Foundation was able to maintain its strong position within the sector through prudent financial governance, highly effective practices, and robust disciplines. We refocused our grant policies to ensure that funding was targeted towards the delivery of valuable and essential services by community organisations throughout New Zealand.

We are proud that since the Level 4 Lockdown period we have distributed almost $5m to support these community organisations in their dire time of need.

The Lion Foundation remains committed to its responsibilities in respect of problem gambling and, as such, continues to work diligently to support our venue operators and customers.

Our venues continue to be our most important business partners. Without their loyalty, support and commitment to problem gambling, authorised purpose funds would not be generated. As an organisation, we extend a special thank you to every one of our venue operators.

As New Zealand emerges from the effects of Covid-19, we will continue to support our venue operators, who in addition to surviving within a complex industry, now face some harsh economic challenges.

Finally, I wish to acknowledge the Board of Trustees of The Lion Foundation. In October 2019 we were pleased to welcome Debbie Sew Hoy as a Future Trustee to The Lion Foundation Board as part of the Organisation's Future Directors programme. Our highly experienced and committed Trustees – Jackie Lloyd, Sarah Smith, Peter Kean, David Steele, Murray Gutry - continue to make a valuable contribution and I thank them for their dedication and continued service.

Life Education Trust NZ
$75,000 Grant

The Lion Foundation has supported Life Education Trust NZ since 2012. The latest grant was towards the salary costs for the Programme and Development Manager, the Marketing and Communications Manager and the Education Support Manager.

"More than 85% of primary and Intermediate schools use our specialist teachers to support their children's learning. Growing up today is complex and teaching resilience, learning tactics for managing stress and navigating through a digital world builds strength from an early age.

The Lion Foundation's support ensures we can respond to the needs of our diverse communities and support children's mental and physical wellbeing."

– John O'Connell, CEO

CHIEF EXECUTIVE'S REPORT

What an interesting end to our 2019/2020 financial year as the Covid-19 pandemic presented unprecedented challenges - not only for The Lion Foundation, our venue operators and the entire Class 4 sector, but also for our country as a whole.

Despite the impact of the 75-day lockdown period which was imposed nine days before the end of our financial year, 2019 has been another successful year for The Lion Foundation.

As a result of a great team effort from our hard working venue operators, our suppliers, industry partners, our dedicated staff, along with the support and guidance from our Board, we were on track to deliver close to $40 million in community funding. However, due to our inability to generate funds over the last 9 days of the financial year, our final grants distribution total was $38.3m - which is still an extremely satisfying achievement.

We are very proud of our Trustees and team who continued to work tirelessly from their home office environments throughout this restricted period so that we could continue to fund community infrastructure projects and critical services to help address some of the challenges facing our country.

The year saw many changes across the organisation and none more so than the departure of our Chief Executive, Murray Reade. Murray has overseen significant change in the way we operate and his inclusive, humble leadership style allowed us to grow and develop across all aspects of the organisation. Murray has left the organisation in a strong position and I wish to acknowledge the contribution he made to The Lion Foundation throughout his tenure as Chief Executive. I would also like to convey my thanks and appreciation to Simon Whyte and all our Trustees for their support and guidance throughout the year which has helped facilitate an extremely smooth transition of leadership.

One of the initiatives Murray introduced was the establishment of Regional Grants Committees. Our RGC's continue to provide regional knowledge and insights to ensure our funding is directed into areas that provide positive support to the local communities from where funds are generated.

Throughout the year we continued to focus on supporting our venues through investment, improving our compliance, harm minimisation and service practices.

I wish to express my appreciation of all our key stakeholders and industry partners, as well as our team at The Lion Foundation, for their hard work and effort throughout the year. We have a great team and everyone plays an important part in ensuring we operate in a manner which best represents the fundamental purpose of the Gambling Act – to sustainably provide funding support to the community.

The biggest thanks must always go to our venue operators and staff for their support and hard work throughout the year. Quite simply, without our venues there would be no community funds. The Covid-19 level 4 lockdown period, when venues were forced to close, highlighted the vitally important role they play in the Community Funding Model.

As we look ahead, I am sure we will all continue to face economic and social Covid-19 related challenges. It is critical that we continue to support our venues through investment and innovation to ensure they have the tools and support to recover from the impacts of the pandemic and withstand the challenges ahead.

We will also continually strive to enhance what we do and how we do it by actively exploring opportunities that ensure community funding revenue streams and the sustainability of the Class 4 sector are maintained into the future.

Tony Goldfinch
– Chief Executive

One Taupo Trust - Unison Light Trail $30,000 Grant

"The Light Trail is a real highlight of the festival, in fact a real highlight of Taupo's winter, where for 10 nights hundreds of people are able to enjoy the Tongariro South Domain lit up and humming with energy and atmosphere. It is thanks to The Lion Foundation that this event is possible to put on, and for that we are truly grateful."

- Nicola Carter, organiser

Hora Hora Primary School $1,923 Grant

The Lion Foundation grant was used towards accommodation costs so that children from Hora Hora Primary School could compete at the NZ Kapa Haka Championships in Cambridge.

"The children did brilliantly, winning awards for Y1-6 schools and costumes. The grant made this possible: without it our community would have had to contribute even more of their hard-earned and scarce resources."

- Richard Buckland, Deputy Principal

NOTES:

1 The information set out in these Summary Financial Statements has been prepared in compliance with PBE FRS 43: Summary Financial Statements, and extracted from the Annual Financial Statements of The Lion Foundation 2008 for the year ended 31 March 2020. The annual Financial Statements authorised for issue on 22/06/2020 have been prepared to comply with Not-For-Profit Public Benefit Entity Standards (NFP PBE Standards). The annual Financial Statements include a statement of compliance with NFP PBE Standards for each period presented in the annual financial statements.

2 Because of their summary nature, these Financial Statements cannot provide a full understanding of the financial performance, financial position, and cash flows of The Lion Foundation 2008. This understanding can only be obtained by reference to the Annual Financial Statements of The Lion Foundation 2008.

6 The Annual Financial Statements of The Lion Foundation 2008 for the year ended 31 March 2020 has been audited with an unqualified audit opinion issued on 22/06/2020.

7 The Trustees resolved to defer all pending grant award decisions as a result of COVID-19 pandemic at the Trust Board meeting held on 23 March 2020. The Trustee's decision was to allow time to develop new funding criteria to focus support around critical community infrastructure and services resulting from COVID-19. The Trust Board wished to ensure all grants made during COVID-19 maximised community benefit and addressed critical community interests. As a result of this deferral, $5,019,015 of funding which was due to be distributed prior to 31 March 2020 has been allocated for distribution prior to 30 June 2020. Regulation 10 of the Gambling (Class 4 Net Proceeds) Regulations 2004 was not met for the year ended 31 March 2020 as a result of this deferral. The Trustees do not expect this to adversely impact the renewal of the Foundation's licence as the Department of Internal Affairs published a class 4 operational update on 7 April confirming that it will exercise leniency in relation to the regulations governing the administration of community returns and that this leniency involves not enforcing the regulation 10 (40% quantum) and the regulation 11 (timing of distributions) requirements for an initial period of 12 weeks.

8 The financial statements are prepared on a going concern basis despite the impact that COVID-19 had on operations. The alert system introduced by the New Zealand government in March 2020 resulted in venues being unable to operate during the last few days of March, April 2020 and part of May. This resulted in nil revenue for April 2020, reduced revenue for May 2020, and the deferral of grant distributions explained in Note 7. Management has evaluated the entity's ability to continue as a going concern and is not aware of any material uncertainties, conditions or events that cast a significant doubt on the entity's ability to continue as a going concern.
