THE LION FOUNDATION

Chairman and CEO Report

Chairman's Report

I have had the privilege of writing this message to the Lion Foundation community for several years. Each year I am in awe of the impact that the funding distributed to community organisations has – none more so in these particularly challenging times; of the positive impact that community organisations have on their communities; and of the commitment of stakeholders and staff as they navigate the challenges faced by the sector.

This year has been exceptional - and one that will not easily be forgotten. We must pause to remember those that have suffered a tragic loss of a loved one, and for those in the world that continue to do battle against an ever evolving and threatening virus. So many aspects of our *'way of life'* have been disrupted and forever changed.

The financial (and other) vulnerabilities of charitable organisations within New Zealand communities have been exposed by COVID 19. Our community funding model is clearly exposed to any detrimental effects on New Zealand's hospitality sector. The pandemic has furthermore exposed the vulnerabilities of our key business partners – the venues at which we operate Class 4 gaming. Our sincerest appreciation is expressed to our venue operators - without whom the impact we make in New Zealand would simply not be possible. The resilience shown by the venue operators is a lesson for us all.

It is with tremendous pride that I confirm that The Lion Foundation has continued its proud legacy of maximising its return of funding to the community. Notwithstanding a substantial decline in revenue due to the impact of COVID 19, we have returned $35mil to the community in this financial period. We have increased funding within the Health sector, as well as ensuring that valuable and essential community programmes and services continue to be delivered.

The *'year that was'* has highlighted the importance we continue to place on ensuring that we provide safe physical environments where adults can enjoy legal gambling. Lobbyists have used the pandemic as a platform to promote the dis-establishment of the sector referencing the harm caused by gambling in New Zealand. Amongst other things, the COVID 19 lockdown period demonstrated that gambling and the risk of harm does not stop, it simply shifts to other forms. Lotto, Racing, Sports Betting and online casino platforms all experienced significant growth over the lockdown period. Sadly, the funds derived from offshore online gambling platforms disappear overseas and no resulting funding is distributed within New Zealand. In addition, as unregulated platforms, the risk of gambling harm simply cannot be measured accurately or managed.

We continue to improve systems and processes to minimise harm from problem gambling in the communities we operate. Our preferred approach is to not shy away from the risk that comes with any gambling activity, but to engage fully and work collaboratively with the problem gambling health services and the Department of Internal Affairs to enhance and develop better Harm Minimisation initiatives.

Our core purpose is distributing funds to community organisations across New Zealand. Our Grants Team have developed initiatives to ensure that how to access funding is more easily understood and actioned by our communities. By way of example, the introduction of informative webinars has proven to be a valuable tool.

I wish to acknowledge and thank my fellow Trustees for the dedication and commitment shown to The Lion Foundation. The prudent governance of Jackie Lloyd, Sarah Smith, Peter Kean, David Steele and Murray Gutry has provided a solid platform enabling the maintenance of a funding lifeline to over 3000 community organisations in a challenging year. I also wish to acknowledge and thank Debbie Sew Hoy for her contribution as a Future Director under the Institute of Directors Future Directors Programme.

Finally, I must also acknowledge the efforts of the entire team of The Lion Foundation who have worked tirelessly throughout the year to maximise the support that we provide our venues and the community.

In a few months we will reach a significant milestone when The Lion Foundation exceeds the distribution of more than $1 billion to the New Zealand community since its establishment in the mid – 1980's. Thank you to all those persons who have made this level of funding possible.

"The funding from The Lion Foundation allows us to provide authentic, engaging learning experiences to over 4,700 students a year to help them develop the skills and attributes that will set them up for life."

– Terry Shubkin, Chief Executive

Chief Executive's Report

Well, our 2020/21 financial year has certainly been an interesting one.

Although COVID 19 was and remains a massive challenge for all, I feel it did bring our communities closer together, improved collaboration and certainly put many aspects of life into perspective. For our team at The Lion Foundation, it has highlighted how exposed the community funding model is to any detrimental effects on the hospitality industry and our venue partners. It has forced us to re-assess, approach things differently and explore opportunities to do things better. It is important that we learn from those experiences as we look to improve the sustainability of our fundraising and ensure those funds are delivering maximum benefit.

We are very proud to have been able to continue to fund community organisations throughout New Zealand at a time when they needed that funding the most. Ultimately, it is what we are here for and why we exist. I wish to express my gratitude and thanks to our Board of Trustees for their continued support throughout the year, particularly through the initial lockdown period. Their governance and guidance allowed us to achieve a great balance between ensuring the sustainability of the business whilst continuing to meet our funding obligations.

The fact we were able to return over 42% of revenue to Authorised Purposes throughout New Zealand, despite the challenges we were faced with, shows that we got that balance right and is testament to our focus on ensuring we are operating efficiently, responsibly and sustainably to maximise our return to the community.

It has been another challenging year in terms of local council policy reviews, with most councils seeking to adopt a sinking lid approach and many lobbyists using the COVID 19 lockdown as a platform to promote the dis-establishment of the sector.

I would like to thank those organisations and community groups that have written submissions to councils in support of the Class 4 sector, particularly those who presented their submissions in person at council hearings. It is important that the decision makers hear first-hand the good that comes from the community funding model. We appreciate that this can be a daunting task at times and it is greatly appreciated.

A huge thanks as always to all our hardworking venue operators and those who have joined The Lion Foundation throughout our 2020/21 financial year. Your support is greatly appreciated. Ultimately without you, the Class 4 community funding model simply doesn't function and we are committed to continuing to improve our service and support of your venues.

I would also like to thank and acknowledge the staff for their effort and commitment throughout the year, but in particular through the initial COVID 19 lockdown period. The team worked tirelessly over that seven week period in a challenging and unique working environment. That commitment and business continuity allowed us to maintain our venue and community support and meant we were well positioned to face the challenging months ahead.

Looking forward, our focus is to continue to invest in our operators, people and innovation, using insights gained from our stakeholder surveys to drive new initiatives. We will continue our commitment to addressing gambling harm and ensure our business agility and remote capability enable us to deliver venue support in all work environments.

The Lion Foundation touches the lives of thousands of New Zealanders and their communities every day, 365 days of the year.

Order of St John South Island Region Trust Board

"We were privileged to receive major grant funding to purchase a new ambulance for Dunedin, equipped with a Lifepak15 defibrillator. It was wonderful to have The Lion Foundation team join us for the dedication ceremony and meet some of our supporters in April this year. The Lion Foundation donated ambulances are responding to a total of about 17 incidents per day within the South Island Region."

– Debbie Zwies - Fundraising and Marketing Manager, South Island Region
