Here for good

2025 ANNUAL REPORT

Our vision is for a better Aotearoa New Zealand, by supporting communities through the sustainable and ethical generation of community funding in a way that minimises harm and is consistent with the purposes of the Gambling Act.

We value integrity, compelling us to act honestly, ethically and transparently.

For more than 40 years we have been working with NZ communities to make a difference.

During this time we have granted over $1 billion to support community projects across the country.

In the last financial year we distributed more than $35 million to community-based organisations.

We're here to make a difference.

Here for good

Auckland Hospital Foundation

The grant of $136,000 will facilitate the purchase of the SimMan 3G Critical Care Manikin, which is one of the world's most realistic simulation manikins, allowing the team to train and improve for every life-threatening scenario in a risk-free "real-life" setting. As the country's top Cardiovascular team, and the only provider of ECMO (the miracle life-support machine), this gift will build skill-sets and extend learning like never before in New Zealand.

Chair and CE Report

As we reflect on the past year, it's fair to say that ongoing cost of living pressure has impacted consumer spending patterns resulting in another challenging period for the hospitality and Class 4 sectors. This has contributed to a continuing downward trend across revenue, venue and electronic gaming machine numbers within the Class 4 sector. TLF has not been immune from these challenges which have impacted annual revenue and seen operating costs increase significantly. Additionally, the increased advertising of TAB products and Lotto offerings has intensified competition and created a complex operating environment. However, despite these challenges and as a result of hard work and the implementation of a number of new initiatives throughout the year, we are proud to have provided over $35 million of funding support to a diverse range of charitable and not for profit community organisations throughout the country. It is with pleasure that we are able to show-case a small sample of these grants within this Annual Report.

Throughout the year we continued to lobby local government to adopt or maintain sensible Class 4 gambling policies that recognise the critical role our sector and venues play within their respective territorial regions. Each year we see an increase in funding applications which reinforces the challenges community groups continue to face in being able to source the essential funding required to remain sustainable. With no obvious replacement for Class 4 funding, we remain hopeful that Councils will continue to recognise the importance of this sector to their local communities, and we thank those community groups that made submissions in support of positive policy decisions.

We recognise the ongoing complexities introduced in 2023 by the amended Gambling (Harm Prevention and Minimisation) Regulations. Some aspects of these regulations remain difficult to apply in a busy hospitality setting and we acknowledge the effort of our venue operators and staff, who have continued to work alongside our compliance and operations teams to implement processes that are as efficient and effective as possible. TLF are committed to generating community funding in a safe and caring environment and your continuing support is greatly appreciated.

In September 2024 we announced the launch of an online joint venture with New Zealand Community Trust and Aotearoa Gaming Trust through partnership with an existing internationally reputable online platform provider Super Group. TLF supports the Government's intention to regulate the current online gambling market in New Zealand. Currently there is minimal benefit to the NZ economy or our communities from online gambling. Whilst this online initiative operates separately from our existing Class 4 gaming activities, our intention is to explore a potential opportunity that we believe will secure a better future for our communities and our venue operators within a regulated environment.

In October we began a transition across to a new grants application and processing platform. A large majority of societies also use this platform which hopefully is providing familiarity and consistency for applicants. This has been a large project and a big thanks to our team for their hard work and input into this process. We also appreciate the patience and support shown by our applicants as we transitioned to this new online grants portal.

We wish to acknowledge the invaluable contribution of our venue partners and welcome the new venues that have joined TLF over the past year. Without your ongoing support our community funding would not be possible. A big thanks also to our dedicated team at The Lion Foundation and our Board of Trustees for their guidance and support throughout the year.

As we look forward to the financial year ahead, further challenges are anticipated as trading conditions remain tough, but the efforts and achievements throughout the year have the organisation well positioned to manage these challenges and pro-actively explore further opportunities for growth. We are committed to investing in training, technology, and operational improvements and working together with our venue operators and stakeholders to grow and succeed uphold our shared values of community well-being and responsible gaming.

Funding from The Lion Foundation over the past 5 years has contributed to the purchase of significant assets for the community - Victoria, a birthing obstetrics and gynaecology simulation manikin; Pixis MedStation, Lifepak Resuscitation equipment, Resuscitation Suction Unit, Resuscitation Trolley; and last but by no means least 40x tiltaway beds for the Wellington Regional Children's Hospital (pictured here).

Statement of Service Performance

OUR OBJECTIVES AND HOW WE MEASURE THEM

Our objectives are reflective of our commitment to our stakeholders and the organisations values.

OBJECTIVE 1 – THE RESPONSIBLE DISTRIBUTION OF GRANTS TO CHARITIES AND COMMUNITY GROUPS

1.1 Percentage of grants by category

Measure	Percentage of grants distributed by category	Achieved
What we achieved this year	Sport Arts, culture, community Education Health	42% 26% 14% 18%
What we achieved last year	Sport Arts, culture, community Education Health	43% 27% 15% 15%

Commentary

Each grant recipient organisation's purpose (vis-à-vis the founding document) and primary activity determines the category of funding. Judgement is applied by the Grant Advisors when processing the applications. The Grant Advisors receive training have access to guidelines and literature authored by legal experts to ensure consistent determination of category. DIstributed grants are defined on a payments basis excluding movements in accrued distributions payable for this measure.

1.2 Regional distribution of grants

Measure	Percentage of grants distributed by region	% Revenue Generated	% Grants Distributed
What we achieved this year	Northern Waikato/BOP Central Southern National	17% 32% 20% 29% N/A	16% 26% 15% 25% 18%
What we achieved last year	Northern Waikato/BOP Central Southern National	18% 34% 21% 27% N/A	18% 29% 16% 24% 13%

Commentary

Regional returns are measured as a percentage of funds distributed versus funds available. Funding can only be distributed upon successful application by community organisations, and for Authorised Purposes in terms of the Gambling Act. TLF does not have the ability to distribute funds under any other circumstance. Distributed grants are defined on a payments basis excluding any movements in accrued distributions payable for this measure. In FY25, grants distributed to National organisations account for 9% of the total grants distributed. Regionalised grants, where funding benefit is recognised across multiple territorial licensing authorities, account for a further 9% of the total grants distributed.

1.3 Percent of revenue returned to the community for Authorised Purpose

Measure	Percentage of revenue returned to the community for Authorised Purpose
What we achieved this year	40.20%
What we achieved last year	40.01%

Commentary
As at 31 March 2025, The Lion Foundation 2008 had distributed $35,068,568 (FY24: $36,634,345) of its gross proceeds from Class 4 gambling activities.

OBJECTIVE 2 – TO RESPONSIBLY MANAGE OUR RELATIONSHIPS WITH THE VENUES AND THEIR PATRONS

Commentary

All survey suggestions are reviewed for opportunities to improve the support provided to venues. In 2025, 119 invitations to participate in the survey were sent (FY2024: 135) and 56 responses were received (FY2024: 51).

The summary performance report is derived from the audited performance report of the entity for the year ended 31 March 2025.

In our opinion, the accompanying summary performance report, on pages 30 to 34, is consistent, in all material respects, with the audited performance report, in accordance with PBE FRS 43: *Summary Financial Statements* issued by the New Zealand Accounting Standards Board.

The summary performance report do not contain all the disclosures required by Public Benefit Entity Standards. Reading the summary performance report and the auditor's report thereon, therefore, is not a substitute for reading the audited performance report and the auditor's report.
